Mobile communications site manager (m/f/d)

Description

To strengthen our team, we are looking for a mobile communications site manager (m/f/d) for the earliest possible date.

Responsibilities / main tasks

- Performing and documenting structural inspections
- Preparing tenders
- Briefing assembly personnel and subcontractors on construction sites
- Collecting construction-specific data
- Creating and maintaining construction files and assembly folders
- Planning and executing orders and documentation independently
- Deadline, cost, and subcontractor management and control

What you need:

- More than five years of professional experience in construction supervision in a comparable industry
- Sound knowledge of the communications industry and network structures (GSM, UMTS, LTE) of mobile operators
- Confident handling of MS Office programs
- Assertiveness
- Organisational skills
- Cost awareness
- Customer-oriented approach
- Willingness to undertake further training
- Language: German and English (preferable)

What we offer:

- A permanent position in a future-oriented industry
- Flexible working hours
- Modern work equipment
- Various training opportunities
- Pool of vehicles (company car negotiable).
